

Matching Gifts

Many employers will match donations given to a charity by an employee: full-time, part-time or even retirees. Check with your company's Human Resources Department and if they match donations, they will give you an application to complete. Make sure to bring in or mail the application to our Development Office, and Georgean Selburg will see that it is filled out properly and will even mail it to the respective area. Just think, a \$50 donation can be turned into \$100!! A \$500 donation can turn into a \$1,000 donation!!
